To whom it may concern:

Mr. Leonidas Gutiérrez has been involved with the Hispanic community for many years. I have known him for more than seven years and have come to value his professionalism. He is well known and respected in the community.

I have met with Mr. Gutiérrez and heard from him in regard to his ideas and plans to help Latin communities strive and end their poverty cycle. The mission statement of Millenium Global Prosperity is one that I support.

We wish Mr. Gutiérrez the best of success as he moves forward with his new venture.

Sincerely,

Guillermo A. Rodríguez  
Vice President
